

A National Seminar on 'Power Sector – Recent Advancements, Opportunities and Challenges Ahead' (RAOCAPS 2017) was organised at Ranchi on the 12th & 13th of August 2017 by The Institution of Engineers (India), Jharkhand State Centre and MECON Limited.

Shri Atul Bhatt, Chairman & Managing Director (MECON) was Chief Patron.

Many reputed organisations in the fields of power generation, transmission and distribution were represented at the seminar through over 150 external delegates. 11 technical papers and 12 manufacturers' lectures were presented at the seminar. 23 technical exhibitors also put up displays and demonstration kits on various power-sector related products at the venue.

The seminar lived up to its aim of bringing together technocrats, academicians, domain-experts, policy-makers, manufacturers, and other stake-holders in the national power-sector, for sharing and dissemination of niche knowledge, cutting-edge technologies, ideas and experiences. The seminar was
